THE CAMDEN CHRONICLE STANDS BACK OF ALL PRIZES

### BIG PRIZES TO BE AWARDED TO CHRONICLE CONTESTANTS

Every Active and Energetic Young Lady is Given an Opportunity  
to Win a Valuable Prize.

THE CHRONICLE'S Piano Contest is now assuming good proportions. There are several workers who have already become alive to the fact that the prizes offered are worth hustling for and others who will stand a good show if they but wake up and get into the game as they should.

We can not give a piano to everybody. That would be impossible; but we are giving a goodly number of other valuable prizes as the contest progresses, so that all workers may get something.

There ought to be more contestants in the county. There is nothing easier than getting subscriptions to THE CHRONICLE. If not already in the race for the piano, have some of your friends send in your name as a candidate. The contest is just fairly commenced, and nobody can name the winner at this stage of the contest.

The best time to get votes to win the piano is now, as after May 21 each subscription will count 400 on new and 300 on old respectively. After that date each subscription will decrease in value at the rate of 50 votes per period of three weeks, hence now is the time to get votes fast and the person who has the most votes at the end of the contest will win the piano. Ladies, get busy between now and May 21.

DO YOUR WORK NOW and thereby gain good start and advantage of the most votes issued during the different periods. Pluck and perseverance may mean a piano.

Wherever the news of THE CHRONICLE'S Contest has spread, interest has been aroused. Such an opportunity to secure a beautiful \$400 piano is not offered often, and it is only natural that the first announcement of our offer should have such results.

There are many ladies in Benton County who have musical talent and are only desirous of perfecting their art. To them the piano to be awarded by THE CHRONICLE will certainly be worth devoting a little spare time to. No better opportunity has ever existed for the lady who studies music, teaches it, or intends to study it.

A fine and elegant piano in the home is not only a thing of beauty, but is a joy forever. Why spend your time saving a little here and a trifle more there with the object of buying a piano, when by entering this race you can be in line for a prize piano that will come to you absolutely without cost and be a tribute to your ability to hustle and turn in votes. THE CHRONICLE offers you this opportunity.

The quadrennial session of the general conference of the Methodist Church, South, convened at Asheville, N. C., Tuesday. The election of Bishops, the Vanderbilt controversy, the order of worship, changing the name of the church, and many other important questions will come before the conference.
